R004	Strategy, Communications & Programmes - Julie Hesketh- Laird	emerging Technology and e-commerce Ensuring regulation and assurance keeps pace with new products and the expansion of online food markets	Event A disparate and inconsistent approach to management and linkage between digital data sets arose the organization and with patimers. Causer: Failure to articulate, design and thereafter implement an FSS digital strategy. Effect: Lack of start sharing internally active patients which inhibits our ability to fulfi our obligations within the Corporate Plan.											
Roos	Strategy, Communications & Programmes - Julie Hesketh-Laird	MISINFORMATION Promoting FSS as the expert voice and gaining the trust of consumers over unreliable sources of information on diet and health, recognising the particular challenges associated with social media												
R006	Policy, Science and Operations - Ian McWatt	COVID 19 potentially new risks to the food chain and diversion of regulatory resources to support the public health response	Event: Worldwide Pandemic causing unprecedented sickness, absence and uncertainty across FSS all pathers agencies. Cause: COVID 19 disease and impact on public health across the world. Effect: Potentially were risks to the bloochain and divestion of regulatory resources to support the public health response.											
R007	Policy, Science and Operations - Ian McWatt	PUBLIC SECTOR RESOURCING increasing pressures on Loca Authorities and FSS result in a delivery model which lacks the resilience needed to meet fuure challenges.	Effect: homeasing budget pressures on FSS and Local Authorities could result in a delinery model witch lacks the resilience needed to meet future challenges/deliver strategic plan.											
R008	Policy, Science and Operations - Ian McWatt	EU EXIT CONSTITUTIONAL AFFAIRS trade agreements and future relationships with the EU and UK Government.	Evert. Given the Market Access Principles set out in the Internal Market Act, the UK Parliament may legislate in any with outeries FSSSS policy as it might have automatic effect in Scotland. Clause: Internal Market Act dark-certifives collaboration and due process as outlined in Common Frameworks and UK Ministers may choose to prioritise a Effect. Scotlarily by Gevenberg parliaments for laws the Work effect of devolved administrators would be reduced, a deregulatory approach to safely and standards is applied in Scotlant, legisl challenge made for any unitizent reasons testien in Scotland even where within SM (spell out SM) competence following FSS achieve, levers available to FSSSMM (plans past out SM) to deliver standards is shorter.
