## Examples of food assurance schemes

Name of scheme	Logo	Description
<b>Assured Food Standards (Red Tractor)</b>		<p>Standards are applied at every part of the supply chain, including food safety and traceability, animal welfare and environmental protection.</p>
<b>Soil Association and Organic Farmers and Growers</b>		<p>Standards focus on avoiding the use of pesticides and GM ingredients in farming.</p>
<b>Quality Meat Scotland</b>		<p>Guarantees that meat bought has come from animals that have spent their whole lives being raised to very strict standards.</p>
<b>Freedom Foods</b>		<p>Focussing on welfare standards and conditions for animals on the farm.</p>
<b>Lion eggs</b>		<p>A quality code of practice that ensures eggs have been produced to the highest standards of food safety.</p>

This is only an example of some schemes. There is an opportunity for students to research other assurance schemes.
