

## Homelink – food hunt

In class we have been learning how to store food safely. We looked at the different foods that we might store in a cupboard or in the fridge. Please support your child to complete the sheet.

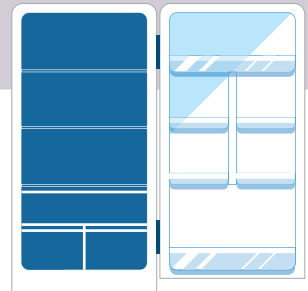

**Look in a food cupboard and the fridge in your kitchen.  
Draw at least 2 things that you find in each one.**

**Cupboard**

**Fridge**

**Think  
about it!**

**Look on some of  
the food packaging.  
Can you find storage  
instructions?**
