Dear Colleague

Feed Delivery Model – Update 8 April 2019

In my letter of 22 March 2019 (FSS/ENFTS/19/001), I asked LAs to confirm if they intend to carry out feed work in 2019/20 in order to ensure that FSS can provide them with the funding to do this work, as a result of the £325,000 having been removed from the block grant. A small number of LAs advised that despite not having a programme for the first part of 2019/20, they would rely on the funding to carry out reactive work in the event of an incident or complaint. We have therefore agreed that every LA will receive 25% of their funding allocation for Q1. For those LAs that do not use the funding during Q1, the funding will be rolled forward into Q2, if the new model is not implemented by the end of Q1.

The payments are due to be made via BACS next week, although there may be delays of a week or so if there are any changes to bank accounts, and the following description will accompany the payment:
